As one of workshops of ICCSIT (http://www.iccsit.org), The 2nd Workshop on Big Data Sciences (WBDS 2022) will be held in Tokyo, Japan during October 14-16, 2022. WBDS allows academia to meet industry from the international community to exchange experiences, demonstrate their studies and further advance big data science. You will also have a chance to discover the fascinating culture and architecture of Japan, try out the local cuisine, and discover the city’s hidden gems.

As your safety is our top priority and concern, the conference has added online attendance / presentation for participants in case of you cannot attend the conference because of the COVID-19. The paper will be published as usual for the online presentation.

Publication

Accepted papers after proper registration and presentation will be published in one of the following Journals based on the topic of paper.

Journal of Advances in Information Technology
(JAIT, ISSN: 1798-2340 (Online))
Abstracting/Indexing: Scopus (Since 2020), EBSCO, Google Scholar, CrossRef, CNKI, etc.

International Journal of Computer Theory and Engineering
(IJCTE, ISSN: 1793-8201 (Print))
Abstracting/Indexing: Index Copernicus, Electronic Journals Library, Google Scholar, Ulrich’s Periodicals Directory, Crossref, ProQuest, WorldCat, EBSCO, and EI (INSPEC, IET), etc.

Topics

Topic area 1: Big Data Science and Foundations
- Novel Theoretical Models for Big Data
- New Computational Models for Big Data
- Data and Information Quality for Big Data
- New Data Standards
- Cloud/Grid/Stream Computing for Big Data
- High Performance/Parallel Computing Platforms for Big Data

Topic area 2: Big Data Management
- Algorithms and Systems for Big Data Search
- Distributed, and Peer-to-peer Search
- Big Data Search Architectures, Scalability and Efficiency
- Data Acquisition, Integration, Cleaning, and Best Practices
- Computational Modeling and Data Integration
- Large-scale Recommendation Systems and Social Media Systems

Topic area 3: Big Data Search and Mining
- Social Web Search and Mining
- Web Search
- Algorithms and Systems for Big Data Search
- Distributed, and Peer-to-peer Search
- Data Acquisition, Integration, Cleaning, and Best Practices
- Visualization Analytics for Big Data

For more topics, please click HERE.

Submission Guidelines

1. Language: All submissions should be written in English
2. Submission Types: Abstract submission for presentation only without publication; Full paper submission for both presentation and publication.
3. Paper Length: The submitted papers should be no less than 6 pages. When paper exceeds 7 printed pages, including all figures, tables, and references, extra page will be charged. Papers exceeding 12 pages will not be accepted.
4. Submit your full paper or abstract directly via Online Submission System or you can send to wbds@iacsit.org
